MERIVOBX

INCLUDES ALL MERIVOBX ITEMS

OFFER VALID APRIL 1st - JUNE 30th 2024

Product Info

MERIVOBX brings together four innovations: a platform for simplified manufacturing, a minimalist design for a unique look, a new cabinet profile for enhanced functionality and a well-thought-out assembly concept for easy implementation

Product Features

- Versatile mid-market box platform. One single cabinet profile for all possible options.
- Simple to manufacture and assemble with diverse options for combining drawer sides
- Improved manufacturing productivity with fronts and front pieces always manufactured and assembled in the same way.
- Maximum functionality combined with stunning design
- Unique L-shape of cabinet profile for vertical stability with 40/70 kg load capacity.
- Synchronized feather-light glide and high front stability for various applications.
- Opens with a light touch, glides smoothly, and closes silently and effortlessly
